

Indonesia

April 14, 2008

Dear Friends at First UMC, Irving,

Thank you for your part in the ministry here in Indonesia. You are a blessing to me through you prayers and financial support.

After four years of work and an extra heavy effort this year, we have finally finished the first stage in our accreditation process at Wesley International School. The accreditation committee was here last Tuesday through Friday. They gave us a good recommendation. We will find out the final results of the visit in June.

In March I received my visa, permission from the Indonesian government to stay in Indonesia for another year. So I am planning to teach first grade an Wesley for another year.

This is the time of year I get my reward as a first grade teacher. My students, who were not able to work independently on anything at the beginning of the year, are able to read so much. Now they can do much independently.

The seminary that partners with OMS International, Inc. is choosing a new president. Pray for those making the decision and those who have been asked to consider the position. Pray they will seek and follow God's guidance.

I pray that God will use your mission emphasis for His glory. May God bless you abundantly in your ministry for Him at First UMC, Irving.

Gratefully,

Marilyn Wykes
